# ComColor GL9730

Best-in-Class High-Speed Full color Inkjet Printer

Scan to see the action

## High Productivity Improved

Simplex **165** ppm<sup>\*1</sup> Duplex **82** sheets/minute<sup>\*1</sup>

High-capacity SSD equipped for fast data processing and high-speed printing.

<sup>\*1</sup> 1 A4 long-edge feed, continuous printing at standard settings.

## High Speed Scan & Copy Improved

Scan [simplex/duplex] **100** ppm<sup>\*2</sup> Copy [simplex/duplex] **80** ppm<sup>\*3</sup>

<sup>\*2</sup> 2 A4/letter long-edge feed, 300 dpi, JPG, PDF. <sup>\*3</sup> 3 A4/letter long-edge feed, 300 dpi setting, using ADF.

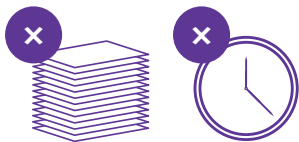

## High Durability

Highly reliable and tough enough to print millions of sheets.

## Flat Output

No worry

Paper curling

Cool time

Cool and flat papers pass smoothly through the post-printing processes.

GL Series ( Flat output )

## High Speed Scan & Copy

Five-color composition of black, cyan, magenta, yellow, and gray enrich color images and optimize gradation.

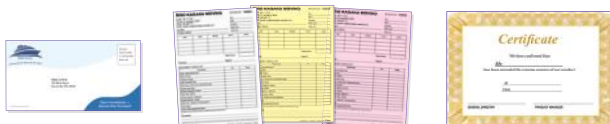

High quality photo images with new color profile. Expanded gamut improves the quality of full-color images.

Monochrome printing at 600 dpi high-resolution.

## Various Paper Support

Heavy weight paper applicable.

Envelope

NCR paper

Card Stock

## Save Energy

ComColor's no-toner inkjet system doesn't use heat fusion, so it prints at high speed but uses low energy.

### Power consumption per page

in printing 1,000 sheets : A4-size pages in full color

ComColor GL **205wh**

PRINTER A\* **390wh**  
[Print speed of 65 ppm]

<sup>\*</sup> PRINTER A: Based on the average of four ENERGY STAR® certified printers with a print speed of 65 ppm as of January 2022.

# Advanced finishers and accessories to meet your needs

## Continuous 4,000 Sheets Printing

**High Capacity Feeder G10 / High Capacity Stacker G10**  
Processes mass printing jobs such as leaflets, invoices, forms etc.

Continuous Feeding

Max.  
**4,000**  
sheets
