

FT5430 and optional accessories

# Ultra High Speed Full Color Inkjet Printers ComColor FT Series

## Ultra High Speed Printing Shortens Printing Time

Complete printing materials in school such as examination papers and school newsletters in short time.

A4 Simplex **140** Sheets/min  
Print 1,000 sheets in about 7 minutes

Dramatically improves the productivity in printing school documents.

A3 Duplex **39** Sheets/min      B4 Duplex **42** Sheets/min

\* in the case of FT5430, color, standard setting. Facedown finisher is used.

## Support for Various Types of Papers

RISO's paper feeding system enables high-speed printing of various types of papers includes thick / light weight / recycled paper, envelope and NCR paper.

Capable of handling paper from 46 gsm to 400 gsm.\*

RISO's proprietary engine technology makes possible high speed, stable printing.

\* card-feed kit is needed.

## Oil-Based Pigment Ink Specially developed by RISO

RISO employed oil-based pigment ink. Unlike water-based ink, it makes paper rarely gets dirty or rippled. Even during high-speed printing, enabling smooth transition to post-print processes.

**Oil-based pigment ink**  
Enables flat, dry output.\*

**Water-based ink**  
Prone to deformation such as rippling and curling.

\* depending on printing paper type and use environment.

## Small Footprint to Fit Any Workplace

Small footprint allowing to install almost anywhere even in the limited space such as teachers' room and administrator's room.

\* in the case of FT5430 and optional accessories.

# Optimize Versatility with Optional Accessories

**Additional 2000 Sheet Feeder**

**Optional**

Paper is replenishable even during printing. It enables up to 4,000 sheets in combination with paper feed tray provided with FT main unit.

**Multifunction Finisher**

**Optional**

Automate stapling, hole punching and folding.\*<sup>1</sup>  
Compatible for up to 140ppm high speed.\*<sup>2</sup>

**Facedown Finisher**

**Optional**

Automate the preparation of meeting handouts / educational materials, by stapling or offset stacking, streamline work environment more efficient.

Booklet (half fold + staple)

Z-fold mixed

Z-fold mixed +staple

\*1: when using multifunction finisher folding unit.

\*2: when staple in one place per 10 page, duplex.

## Functional Features Bring More Efficiency

### (1) Additional Copy / Print function of the finished job

Additional copy can be made without reloading originals which means you don't need to re-send the print job from the computer / you don't need to re-scan.\*

\* when allowing additional copy setting

### (2) Easy operation via the intuitive operation panel

Adopt color LCD touch panel with numeric keypad. LCD touch panel allows user to customize home screen with color. It enables to understand current setting easily and prevent operation mistakes.

### (3) Single color printing (Cyan, Magenta)

Perform high-quality single-color printing (answer sheets / posters) at low cost.

### (4) Stamp function when copying (Page, Date, Text)

Easy to add page numbers, dates and any characters when making meeting handouts and all school communication letter.
